SUMMER KEYSTONE EXAM

Any student in grades 9-11 who did not score *Proficient or Advanced* on the Keystone Exams during the 2014-2015 school year will have the opportunity to take it again during the summer testing window. Students who are currently in 8th grade enrolled in Algebra will also be given this opportunity. This testing window is scheduled for **July 27-July 30**. Lunch will be served to those students participating in testing. One of the advantages of taking the Keystone Exam during this window is to positively affect your class schedule. Students who did not score *Proficient or Advanced* will be scheduled into a required Keystone enrichment class for the tested subjects during the 2015-2016 school year. Scoring *Proficient or Advanced* during the summer window would exempt the student from these classes and would enable the student to explore other electives. Transportation to and from the testing location will be the responsibility of the student and parent/guardian.

Summer Keystone Remediation

In order for a student to be eligible to sit for a Keystone Exam, they must be currently enrolled in the class or have just completed a remediation class. In order to satisfy this requirement, students who choose to sit for the Summer Keystone Exams will be assigned remediation courses on Compass Learning. This is an online course that will prepare the students to take the exam. The student must score a 70% on the course to sit for the Summer Exam. The course must be completed by July 24th at 9PM.

Summer Keystone Testing dates & times:

Testing will take place from 9:30-11:00 and 12:00-1:30.
