Dear Parents, Grandparents and Guardians—

East Allegheny Families for Families invites you to attend our first presentation. On Wednesday, February 24, you are invited to attend **Opportunities for Gifted and High Achieving Students**. The program will be held in the Library of Logan Middle School from 7 PM to 8 PM.

Speaking will be Adrienne Irwin, an East Allegheny resident and parent. Adrienne has worked for 34 years in public education, as a teacher of the gifted at Steel Valley for 15 years and as a Gifted Coordinator at Chartiers Valley for 10 years. She will be sharing information about programs and resources to help bright and high achieving students achieve their dreams.

Families for Families is a group of East Allegheny parents dedicated to assisting other students and families within the East Allegheny district. We are volunteers who have had special and unique experience with different issues that others may also face. Even though our first program will be devoted to bright students, additional programs are planned to address other needs of students. For details, see the list of Up-Coming Events below.

We seek to share our experiences with others in similar situations and hope that the resources that we have discovered along the way may help you to deal with issues that your children are facing. Thanks to great feedback from surveys at open houses earlier this year, we have been able to plan a series of programs that we believe will be both interesting to you and helpful for your children.

Child care will be available at Logan Middle School on the evening of February 24. To help us prepare, please call the Pupil Personnel Office at 412-824-6053 Extension 5 by February 17 if you plan to attend. In your message, let us know which program you will attend and provide the number of children (and their ages) who will be using Child Care that evening. You can also reply by email to irwin186@comcast.net by February 17. Please include "EA Gifted" in the subject line.

We are looking forward to working with you to help your students achieve success in school this year and in the future.

Sincerely yours,

Mark Draskovich Mary Lechlitter Adrienne Irwin
