Parents,

While we all are doing our best to cope and manage life with this pandemic, it is important to keep our children working as much as possible. Similar to summer break, students will show academic regression when they return school after being off for such a long period of time.

Currently, all the materials that are being picked up at Logan are optional and not intended to be instructional in nature. This is also for the work that teachers have emailed you or posted online.

Below are additional optional parent online resources:

1. Comcast is offering a plan for eligible households for internet access: \$10 a month. First 60 days Free!: <https://www.internetessentials.com>
