To: East Allegheny School District families
From: Donald L. MacFann, Superintendent
Date: March 31, 2020
Re: **Superintendent's Message- Free Internet and Preparation for online instruction**

This Superintendent's message is providing information regarding regarding free Xfinity WIFI and formal online instruction for students in grades Kindergarten through 12.

Today, the Administration, in cooperation with the EA School Board met to discuss formal instructional planning for students in grades Kindergarten through 12. Administrators will meet with their faculty members tomorrow, April 1, 2020 in order to discuss the implementation of formal online instruction for all students. Grades K-12, attending the East Allegheny School District. **The EASD hopes to develop and implement these methods of online instruction as early as Monday, April 6, 2020.**

At this time, through completion of the parent technology survey the District has identified students who require computer and internet service. The EASD will contact those parents requiring a computer and develop arrangements which will allow for the pick-up of a District-issued Chrome Book. **If you have not yet completed a survey, please call the school directly at 412-824-8012.**

The EASD has provided a link for **free Xfinity WIFI** on our website and District Facebook page. Please look at this information and make arrangements with Comcast in order to gain access to this free internet service.

The District will continue to provide related content concerning these and other matters through our District website www.eawildcats.net, Facebook page, robocall system and text messaging.

Thank you.

Don L. MacFann
Superintendent
